DETAILED ACTION

Allowable Subject Matter

1. Claims 1-23 are allowed.
2. The following is an examiner's statement of reasons for allowance:

Claims 1-23 are allowable because the prior art of record neither anticipated nor rendered obvious that a multi-domain liquid crystal display and a manufacturing method of a multi-domain liquid crystal display comprises various elements and steps with specific features recited in the claims 1, 10 and 21-23:

Claims 1 and 10, a color filter layer having an opening formed on the first substrate (lower substrate), a pixel electrode without an opening formed on the first substrate (lower substrate) including an insulating layer, a protrusion formed on the second substrate (upper substrate) and corresponding to the opening of the color filter layer as shown in Fig.3;

Claims 21-23, the opening (in the color filter) on the first substrate (lower substrate) has a pinwheel-shape as shown in Fig.5.

Conclusion

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
